Jack Welch on Job Numbers

The big drop in the unemployment rate a month before the presidential election brought cries of disbelief and conspiracy theories from Jack Welch and other critics of the Obama administration Friday. But the Labor Department was quick to dismiss such claims.

"Unbelievable jobs numbers these Chicago guys will do anything, can't debate so change numbers," tweeted Welch, the former CEO of General Electric (GE, Fortune 500).

Welch did not respond to a request for further comment....

The Green Republic

The German wind industry sits at the heart of a European energy market preparing for a disruptive transformation intended to promote integration and allow the rich wind resource of the North to fuel continent-wide growth, without the risks of nuclear power and reliance on foreign energy producers.

It is a comprehensive, ambitious vision that in Germany alone the environment minister Peter Altmaier has compared in scale to the country's painful post-Communist reunification.

Appetite for ETFs

Individual investors' appetite for exchange traded funds is growing stronger.

In fact, more than 80% of 1,000 U.S. investors surveyed by Charles Schwab agreed that ETFs are "here to stay," and over 40% said they plan to invest in more ETFs during the course of the next year.
